

## Davalen Charts™ IBM Web Experience Factory

Since 1993, Davalen, LLC has been a trusted name in collaborative software solutions for the enterprise. Davalen is an **IBM Premier Business Partner** that provides RapidValue Services for **Lotus Domino, WebSphere Portal, Retail & Enterprise Search, and Web Content Management**. The RapidValue Services are designed to ensure clients receive the most value from their investment in IBM software. These services consist of a **customized blend of system architecture, mentoring and implementation assistance**.

### The Evolution of Web Charts in IBM WebSphere Portlet Factory

The concept of executive dashboards to graphically display critical business data in portlets has become a necessary part of many portal implementations. Using various web charts such as Line, Bar, and Pie, comparison charts between metrics has become an important part of running a complex business. With the advent of Web 2.0, additional requirements have evolved which involve Flash Charts, fly-overs, animation, dynamic chart drill-downs, and mobile capabilities.

### What Davalen can Offer

As a reseller of Fusion Charts, Davalen has integrated Fusion Charts into IBM We Experience Factory using Davalen Charts™ Builder. This allows Davalen to provide an integrated Dashboard solution to Web Experience Factory utilizing the latest Web 2.0, flash, and HTML5 capabilities.

The Davalen Charts™ solution is being implemented in healthcare, insurance, and energy clients where larger amounts of continuous data are needed to normalize and chart with the ability to zoom in on specific conditions in the data. Learn how Davalen Charts™ will work in your environment.

**Authorized Software Value Plus**  
Lotus  
WebSphere

*"We are pleased that our award winning staff can assist customers in the full implementation of WebSphere Portal software. Since 1993 we have worked closely with IBM to provide our customers with the very best service and now we have moved to the next level by offering a new Charting intelligence system that integrates seamlessly with their WebSphere Portal environment."*  
Len Barker, managing partner of Davalen
