

IBM® Web Experience Factory® 7.x: Application Development (IBM WPC52)

Since 1993, Davalen, LLC has been a trusted name in collaborative software solutions for the enterprise. Davalen is an **IBM Premier Business Partner** that provides RapidValue Services for **Lotus Domino, WebSphere Portal, Retail & Enterprise Search and Web Content Management**. The RapidValue Services are designed to ensure clients receive the most value from their investment in IBM software. These services consist of a **customized blend of system architecture, mentoring and implementation assistance**.

Clients turn to Davalen for rapidly **completing highly visible Dashboard projects** and for **enabling their staff** to create and maintain WebSphere Portal applications. **Our market leading and IBM licensed internationally offered curriculum** play a critical role in the success of new WebSphere Portal development projects worldwide.

"I would highly recommend this delivery method and especially the Top Gun Training. I was able to create portlets and use the program effectively right after mentoring thanks to the well structured course, experienced instructors and effective labs. I recommend this course to every developer looking to tackle the learning curve of IBM Web Experience Factory."
